

Update on participation in the BatteryPass-Ready project

Thank you for your interest in engaging with the BatteryPass-Ready project!

As we fully focus on implementation and delivery at this stage, we are no longer able to onboard additional supporting partners.

We are pleased to share that the **test environment is planned to be made available for public use in June 2026**, including **opportunities to provide insights and feedback** to support further optimisation.

To stay informed about project updates, publications, webinars, and events, please visit our [website](#), subscribe to our [newsletter](#), or follow us on [LinkedIn](#).

For any questions, please reach out to info@thebatteryready.eu
